Norway Grammar School 17; Woodstock Grammar School 9

An exciting game was played in Norway, Saturday, on the field in the rear of H. B. Foster's residence. The Woodstock Grammar School outfit played well but were not up to the speed set by the Norway Grammar School contingent. There was plenty of excitement and both teams went after the fine points like veterans.

Norway High School won their game at Oxford, Wednesday afternoon against the Oxford High School team. Both sides opened a scoring bee in the first frame which Oxford failed to keep moving. Norway scored heavily in the fourth, sixth and seventh. The Oxford boys staged a rally in the seventh and eighth, but the gap was too wide to close on short notice.

### BOWLING

Oxford 1329; Boarders 1252

Mrs. Rich's Boarding House All Stars looked like a gang of hash hounds after a three string bowling match against Oxford at Parris's Alley, Monday evening. The Norway boarders lost their table manners in the scramble to keep up with the procession. Oxford led in every string and floored the Boarders with 87 pins, this being the widest gap in several games the past winter.

Baxter led the field with a 293 total for three strings and cleaned up the highest single run. Summary:

Engagement Announced

An item of local interest was copied from the Louisville Courier-Journal of a recent date. "Mr. Walter Franklin Crane announces the engagement of his daughter, Miss Kathryn Hammond Crane, to Roland Lawton McCormack of Norway, Me. The wedding will take place in May."

Mr. McCormack is the son of Mrs. Wm. L. Libby of Norway and will graduate from the medical department of the University of Louisville, Kentucky, in 1925.

### American Legion Minstrels

Wm. Henry Stone Post American Legion staged their fourth annual minstrel show at Norway Opera House, April 24 and 25. Everybody turned out, especially the last night, when only standing room was available.

The show was under the direction of Harold E. Moore and H. Walter Brown. They had worked as many weeks to bring a large array of talent up to a high standard, and succeeded. An active committee of the community services in all business details, including a program booklet for the convenience of the patrons.

An orchestra of nine pieces directed by W. S. Stearns, accompanied the show and added much to the successful presentation.

Part One

To all appearances there was a serious hitch each evening when Edward Burnell, one of the ends, refused to "black up." His wife wasn't in favor of his appearing, he said, so he had a seat in the crowd at last convinced. Mr. Burnell's presence was necessary to put the show across and the delinquent went behind to "fix up."

This proved a "frame up" and a part of the show.

Mr. Partridge explained the olio, or specialties would be staged first under the unfortunate circumstances, with the circle of friends to follow. All numbers were presented "in one" or in front of the street scene.

Leo Dubee opened the show with soft shoe and acrobatic dancing. His work was clean cut and up to the professional class.

The Zebbo Quartet, comprising Harold Moore, Abe Klein, Frank Adams and "Cheet" Gates entertained with an instrumental and vocal numbers.

Donald B. Partridge, "Jake" Andrews, Mrs. Eva Evis, Dave Kline and Tom Kierstead appeared in a "hold up" sketch bristling with comedy and local jabs.

"Vic" Partridge and "Dan" Dullea put on a rube act entitled "A Lot of Bunk." This was a collection of choice localisms and comments on topics more or less in the public eye. Several Norway merchants, garage men, physicians and Weary Club members were not forgotten by the jokers in their own district.

Lawrence Denison, commander of the local Legion Post, explained the bond issue to secure funds for the Legion building. He urged citizens to consider the proposition not only as a gift edge investment, but to look at it as an opportunity to assist in improving the community.

Leroy Sweetland, the trumpeter, rendered effectively a solo, "The End of a Perfect Day."

Part Two

This part was indeed a brilliant affair featuring a grand ensemble including the regulation circle and handsome setting. The stage was dressed in purple and cream colored draperies with toy balloons suspended above the performers. A large chorus grouped behind the circle, and the orchestra stationed on a raised platform made a background for the pleasing picture. All costumes were furnished by Brown Co. of Portland.

Donald B. Partridge acted as interlocutor and surrounded by R. McKay, R. Evis, Geo. Hill, Ledger, H. Moore, R. Wood, A. Bill, Alen Fowler, Richard Wood, K. Kickford, T. K. Adams, Dunphy, H. Shields, D. Klein, A. Klein, E. Cloutier, W. Corey, K. Dullea, L. Dubee, L. Decoteau. Kenneth Goodwin and Emery were pages.

The black face comedians were Jake Andrews, Billy White, Chet Gates and Ned Burnell. They were bawled out and kept the audience in a roar. The jokes were free from ragged edges and not spiteful, but hit squarely on several local targets. All end songs went across lively and were as follows:

"Oh Baby" by Jake Andrews  
"You Can Take It From Me" by Ned Burnell  
"Carolina Mama" by Billy White  
"Somebody's Young" by Chet Gates  
The ballads were carefully selected and finely rendered by the soloists, as follows:

"Just Home, Little Girl" by Ernest Cloutier  
"Just Girl the Man I Love" by Frank Adams  
"If I Were a King" by Howard Jewell  
"A Little Home on the Hill" by Howard Jewell  
"Mr. Radio Man" by Thomas J. Cloutier  
"Just a Little Blue for You" by Emery Wentzel  
"Waiting for the Sunrise" by Harold E. Moore

Billy White surprised the baseball fans and others with a demonstration of back and wing dancing. Billy is a "hefty" and his pedals are limber, and he shuffled over the stage as in vaudeville days. Baseball has crowded out professional stepping, but the stuff is on tap for a come-back. This act earned two encores Friday night.

Carnival Dance

An up-to-date carnival followed the entertainment Friday night with the floor comfortably crowded for dancing. Hundreds of novelties were given away to close the annual show in a riot of color and good cheer. Everybody had a good time in spite of the congestion. This condition seemed to increase the fun.

Girls sold homemade candy for the Auxiliary and patronage was good. One of the conspicuous objects was a sign "Buy a Bond" displayed to fix the attention on the prime object of the show. Expenses were quite heavy for the boys believed in returning something for the price of admission. It is estimated the Legion will clear approximately \$500 to be applied to the building fund.

Harry Greenleaf's crew of carpenters are sheathing the interior of the high school gymnasium with Southern pine, and making a large room, suitable for dancing and athletics. Some sort of a heating plant will be installed in the basement now used for storage.

Mrs. Dora Small of Lewiston and her daughter and husband, Mr. and Mrs. Geo. Cooper, left Tuesday by auto for Belknap Falls, Vt., a distance of over 200 miles.

### W. Oscar Needham

William Oscar Needham, a familiar figure in town for a number of years, died suddenly Thursday afternoon, April 24, in his room. He had not been feeling well as usual early in the day and a physician was called. Mr. Needham was about the house during the day and late in the afternoon he laid down for a nap and passed away while sleeping. His body was found when supper was carried to the room. His age was 78 years, 3 months and 28 days.

The deceased was born in Norway, Dec. 27, 1845, the son of William and Eliza Needham. At the age of 19 he enlisted in Co. G, 32nd Maine Infantry and served until his discharge from the army on July 16, 1865, as corporal. After several days in the West he returned to Lowell, Mass. and later came to Norway.

He was an active member of Harry Rust Post G. A. R. and represented the State on the National Headquarters staff. So long as his health permitted Mr. Needham had attended State and National Encampments. He had a prominent part in the business sessions. He never married and is survived by several nieces and one nephew.

The funeral was held at Spiller's Funeral Home Saturday at 7:30 p. m., Rev. C. G. Miller officiated. Burial was in the family lot at Norway Center, Sunday morning.

Robbery at Stone's Drug Store

P. P. Stone's Drug Store was burglarized early Thursday morning. About \$18 in cash, five watches and some less than a dozen high priced fountain pens are among the articles missing.

Entrance was gained through a rear window on the first floor, after breaking glass to unlock the fastener. The safe was opened and the inner deposit box smashed by tools secured on the premises. Apparently there was no haste, for the quantity of articles were taken into the prescription department and a careful selection made. The visitors enjoyed cigarettes and soft drinks during their stay, as stubs and empty bottles show.

A new flash light was left in the get-away which might lead to a clue. The safe contained only private papers and accounts and the outer door was not on a combination. Most of the money was collected from the old change in the cash register and several drawers about the store. A large quantity of pennies was not touched.

Sunday School Convention

Rev. E. H. Brewster and Miss Ruth Carter will be the State workers who will speak at the annual meeting of the Central District Sunday School Convention to be held Friday, at the Congregational church. Mr. Brewster is chairman of the Secretary of the Maine State Sunday School Association, is well known here as an enthusiastic worker. Miss Carter has recently come to Maine as Superintendent of the Young People's Division. She is a graduate of Boston University and is thoroughly trained for her work. The convention will be made especially interesting to the young people and it is hoped there will be a large attendance. The complete program was published in last week's Advertiser.

Dinner and supper will be served to those attending the convention. Mrs. Nettie Noyes in charge and she will be assisted by committee from the Sunday Schools of the community.

## DAYS OF DIZZINESS

Come to Hundreds of Norway People  
There are days of dizziness;  
Spells of headache, languor, backache;  
Sometimes rheumatic pains;  
Often urinary disorders.  
Doan's Pills are especially for kidney ills.

Endorsed in Norway by grateful  
Friends and neighbors.

Ask your neighbor.  
Mrs. W. J. Olmstead, 95 Main St.,  
Norway, says: "My kidneys began to  
give me trouble as they were weak. My  
back ached so badly I could hardly get  
through with my housework and every-  
thing I undertook to do seemed a drag.  
I was dizzy and could see star-like spots  
before my eyes. My feet and ankles  
swelled. I read about Doan's Pills  
being good and sent for some. When  
I had finished taking them, I felt  
as well as ever. The backache ceased  
and my kidneys became regulated. I  
have told a number of people about  
Doan's Pills."

## SOUTH ALBANY

Marjorie Canwell returned to Norway  
High School last Monday. She has been  
at home for a week as she had been ex-  
posed to mumps and measles but has es-  
caped both.

Herman Holt and son, Chester, are at  
work dragging the roads in the vicinity  
of North Waterford.

Mr. and Mrs. Ernest Grover recently  
visited a few days at Norway. Mr.  
Grover went, Monday, to work at the  
Morey Farm at Mechanic Falls.

Wallace McAllister of East Stoneham  
visited his cousins, David and Ingalls  
McAllister, Sunday.

Mr. and Mrs. Cecil Kimball began their  
work at the Red Feather Farm at Nor-  
way this week.

Ivan Kimball has bought an Overland  
car.

Mrs. Ernest Brown shot a woodchuck  
one day last week. Mrs. Brown detests  
these animals and believes in getting rid  
of as many as possible. The many holes  
they dig in the fields are dangerous for  
horses on moving machines or horse rakes,  
as they are covered with grass and hay  
and it is hard to avoid them. Mrs. Brown  
is an expert with a horse rake and knows  
whereof she speaks.

Elmer Henley is setting out some nice  
young apple trees.

During the snow storm of last week,  
some grain was spread on the snow in  
front of a long house. It was  
soon found by the birds and a number of  
sparrows and juncos had some good eats.

One little junco with only one leg was  
seen several times. He seemed as smart  
as any with two legs as he hopped around.  
He seemed to use his tail for a crutch  
and would bring it down on the snow with  
a quick flip to balance himself with in his  
eager search for the grain which was  
partially covered by the falling snow.

## Rest Time & Play Time

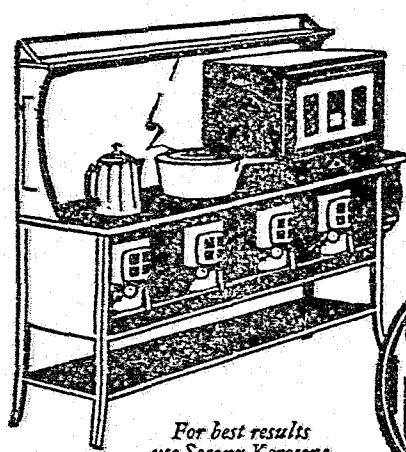

Every housewife needs time for rest and time for play, but there are still thousands and thousands of conscientious housewives who are absolutely tied to an endless routine of cooking and household duties. Burdened with dirty and time-consuming wood and coal stoves, they must, by necessity, spend practically all their time in the cooking and preparation of meals. They have no time to play with the children. No time to read. Scant opportunity for the needed church and social duties. But the New Perfection Oil Cook-stove is a kitchen emancipator. Practically automatic in operation, it

delivers a wide range of heat. At the turn of the wick and the touch of a match, it is ready to bake, broil, boil, roast and toast. It is easily regulated. It burns kerosene—clean and odorless, and thus banishes forever coal and wood with their endless dirt and ashes. It adds immeasurably to personal comfort and to personal freedom.

Your nearest dealer will be glad to demonstrate the various styles and sizes, a model to suit every requirement—from the famous Blue Chimney to the fast-as-gas Superflex. Each one represents the utmost in cooking satisfaction at its price.

Our pastor, Rev. Harry Whiteley, who has been with us two years, has been assigned to a charge in Saco, Rev. A. A. Sallahan of Brunswick being transferred here.

The Easter services, April 20, in the M. E. Church were well attended. Rev. Mr. Whiteley preaching most eloquently from the text "God was in Christ reconciling the world with Himself." The special music by the choir was also deserving of much praise. The concert in the evening by the Sunday school assisted by Hazen's Orchestra was above the average. Too much cannot be said of the loving interest of parents and teachers who so successfully develop the latest possibilities in each child until every number on the program becomes a perfect gem.

A pleasing feature of the evening was the presentation to Mr. and Mrs. Harry Whiteley of a silver cake plate and a flashlight given as a token of love and esteem from many friends. W. T. Norton had the pleasure of making the presentation speech.

Our pastor, Rev. Harry Whiteley, who has been with us two years, has been assigned to a charge in Saco, Rev. A. A. Sallahan of Brunswick being transferred here.

The Easter services, April 20, in the M. E. Church were well attended, Rev. Mr. Whiteley preaching most eloquently from the text "God was in Christ reconciling the world with Himself."

The special music by the choir was also deserving of much praise. The concert in the evening by the Sunday school assisted by Hazen's Orchestra was above the average.

Too much cannot be said of the loving interest of parents and teachers who so successfully develop the latest possibilities in each child until every number on the program becomes a perfect gem.

A pleasing feature of the evening was the presentation to Mr. and Mrs. Harry Whiteley of a silver cake plate and a flashlight given as a token of love and esteem from many friends. W. T. Norton had the pleasure of making the presentation speech.

Swimming Instructor in Boston Schools  
Elmer R. Bowker, youngest son of James L. Bowker, and well known in this town, is winning laurels as chief instructor of swimming in the Boston High schools.

Before his appointment, early in the year, this sport was not taken seriously in the Boston schools. Coach Bowker arranged a schedule to interest pupils and form groups for contests. He has met with flattering success as announced in the sporting columns of the Boston Traveler. We quote the following paragraph: "The first meet was held on Feb. 4. Since then there have been four meets held each week among the Boston schools and several of the teams have competed with outside schools. The competition has been exceptionally keen, featured by some very good performances by many of the young swimmers. Even the schools which are generally weak in the major sports such as baseball, football and track have produced teams that have commanded the respect of the schools with a larger group to draw from."

Resolved: That while we feel his loss to our order, we are glad to think that "It is the ripened sheaf that has borne into the granary that God doth keep."  
For those of His beloved to whom He giveth sleep.

5. They will not deface or mar the school furniture or the school building simply because they have a pencil or knife and an opportunity to do so.
6. They will be quiet and orderly in the corridors and will not require constant watching while at leisure.
7. They will not use vulgar or profane language when not being watched.
8. They will be sportsman-like on the play grounds and maintain a high standard of play.
9. They will cultivate the best manners possible for corridors, the street, the playground, the home, the party and will feel that by the exercise of good manners they are raising the prestige, not of their school, but of their home as well.

### HUNTING THE CROW

From the Piscataquis Observer

Powder makers who have offered a very considerable prize to be given to the per-son who can shoot the most crows in a specified time, certainly stirred a hor-net's nest. From some are coming pro-tests against the slaying of the crow, while others suggest that a wholesale elimination would be for advantage of the farmer as well as of other varieties of birds.

The crow has his friends as well as his enemies. He undoubtedly steals the seed from the ground, but perhaps he more than offsets this by his annihilation of harmful insects. He is alleged to de-stroy eggs of other birds, but most ani-mals prey upon others.

The prize offer has had the effect of starting conversation which is what the givers wish. They also wish men and boys to take their guns and seek to win the prize, for these efforts mean the con-sumption of powder.

Probably for a while the crow will have a more precarious existence and yet this is not an entirely new experience for him. A wise bird is the crow and we doubt if the individual tally runs very high. Most farmers will tell you that it is by no means an easy exploit to shoot a crow. The bird will let one ap-proach very near him if the man is un-armed but if he carries a gun, the propo-sition becomes a very different one. The givers of the prize will attain their ob-ject, for much powder will be burned, but the results in the elimination of the crow will not be of as great magnitude.

—Bangor Commercial

Two propositions in the foregoing editorial appeal to me—the possibility that crows may do more good than injury and the certainty that it is a wise bird.

A Dover-Foxcroft farmer told me that he shot a crow and when he found it crop full of potato bugs he vowed he would never kill another for he was con-vinced they did him more good than in-jury and what was true in his case is doubtless true in nearly every other case, for the crow is eating destructive bugs and insects all the season but can damage crops but a few weeks.

It is related that the late Charles Waterman of Sangerville was dropping corn one day and when he turned the end of quite a long row he discovered that a hen had followed him and swallow-ed the corn. But he did not kill her for she did more good than injury on the whole.

I have a feeling that I have already related my experience in hunting crows but it will bear repetition in this con-nection. The spring I was 14 years old the wood I had to saw was situated near a field where a large number of crows con-gregated. When they seemed busy with their own affairs I would sneak down to get a shot at them but they always saw me and flew away.

It is so many times that the days likewise flew away leaving the wood pile for from being sawed. My father de-cided that if I could not work at home I could try it away from home, and found me a situation for the season on Deacon Curtis' farm. Later in life I managed to shoot a crow but it must have been near-sighted as it would have escaped.

I worked for four months for the Deacon at \$7.00 a month. I think of that sometimes when an automobile trip of perhaps four days costs twice as much as my wages for four months amounting to \$28.00.

I do not regret the cost of an automobile trip for as David Harum would say they are "worth" it; neither do I re-gret the four months spent in the Curtis home for the very pleasant friendship formed then still lives in the only sur-vivor, Miss Sarah A. Curtis, and Mrs. Curtis made the best Johnny-cake I ever ate. And so the time wasted that spring in trying to kill crows was by no means a total loss.

One feature of the case, however, was not satisfactory; I had to saw the wood in the fall when it was bone dry.—L. P. B.

## Have You Appendicitis

And Don't Know It?

Much so-called stomach trouble is really chronic appendicitis. This can often be relieved by simple glycerine, buckthorn bark, etc., as mixed in Ad-lerika. Most medicines act only on the lower bowel but Adlerika acts on BOTH upper and lower bowel, and removes all gasses and poisons. Brings out matter you never thought was in your system. Excellent for obstinate constipation. L. V. Ashton, Druggist.

Letter From Virginia

The following letter from Miss Annie Hobbs, a former Norway resident, who has spent the winter in the mountains of Virginia at Lower Pococan Mission, will be of interest to her many Norway friends.

Lower Pococan Mission, McAllen, Virginia, March 10, 1924

Dear Sister: Our mail came up today though it usually does not come up until Tuesday. Our most snow so far this season is falling. Began in the night deep, three inches on the top. Not so very deep, three inches on the top. Beautiful! Yes, Everything one can see is covered and it looks so feathery white. All in sight, except the buildings belonging to the Mission, is God made, nothing of man's manufacture. Wonderful certainly, and still more wonderful will be the cloud effects when it clears.

I think you will be interested to know what my pupils are going to do for Lenten work. Spend ten minutes of their noon hour each day when pleasant clearing up around the school chapel, and Friday night I will put twenty-five cents in a box, then at Easter this will be an offering for Miss school pupils. Also efforts of the day school pupils. Every day they will bring in one stick of wood for the Mission house. This last is service without pay.

### A CHANGE OF ATTITUDE

In ancient times making a will was regarded as a moral obligation. Will-less people, like suicides and certain criminals, could not be buried in consecrated ground.

There is no such rule today. The lack of a Will is laid to carelessness, rather than to selfishness or indifference. Yet today there are many reminders of life's uncertainty. The man who disregards them is indeed unmindful of his family's comfort.

A lawyer should be commissioned to draw the Will; a corporate Executor to faithfully carry out its provisions.

#### Surprise Party

A surprise party was given Martin Wiley on April 16 in honor of his eleventh birthday. When the school closed in the afternoon the teacher, Mrs. Lena Kemp Welch, and all her scholars went down to his home near the schoolhouse. It was a great wonder to Martin why they all came to his home but it was soon made known to him when the ice cream and cake appeared. Martin was the recipient of many gifts and a birthday cake with eleven lighted candles made by his sister, Mrs. Ernest Greenleaf, was presented to him. Another sister, Mrs. Beatrice Edwards, and her two children were also there and gave him some birthday money. This was a red letter day for Martin as it was his first birthday party.

Ernest Greenleaf purchased 300 Barred Rock chickens of the DeCoster Farms two weeks ago. Mr. and Mrs. Albert Edwards and two children visited their grandparents, Mr. and Mrs. G. B. Wiley of Norway, Sunday. Owing to sickness in his family, Charles Thurlow was at home two days last week. Leon, who has been sick in bed about ten days, is now gaining. Mrs. Thurlow was sick a few days but is better at this writing.

The F. B. Sunday School held special Easter exercises at the Library Hall on Easter Sunday. The hall was very prettily decorated with evergreen, Easter eggs and potted plants. The work of the neighbors living near by. A display of a variety of cut flowers including Easter lilies, the gift of Mrs. G. T. Elliott, were greatly appreciated by the pastor and people. The children did fine and the special music was enjoyed. The special Easter offering was very generous for which the officers of the church are very grateful. Much credit is due the superintendent, Mrs. B. C. Jilison, Miss Elsie Peaco and the near neighbors for the successful services. Mrs. Hattie Greenleaf had a birthday April 22. She was well remembered with cards, letters and gifts of various kinds. Her daughter, Mrs. Ernest Greenleaf presented her with a birthday cake on which were 62 lighted candles. It may be of interest to some who read the Advertiser to mention that Mrs. Greenleaf has a namesake in Norway, daughter of Mr. and Mrs. Edgar Holden, who was born April 22, 1921, named Hattie Belle Holden.

Words Failed to Express Benefit Received from Lydia E. Pinkham's Vegetable Compound

Greenville, Texas.—"Words cannot express how much good Lydia E. Pinkham's Vegetable Compound has done for me. Every month I would have cramps and headache, and I felt like I was freezing to death. I suffered in this way from the time I was a young girl, and all the doctors said was 'operation.' For months I had a tired, sleepy feeling all day, and when night would come I would be so nervous I couldn't stay in bed. Our druggist recommended the Vegetable Compound to my husband and he bought four bottles. I have taken every one and I think I have a right to praise your medicine."—Mrs. J. B. HOLLEMAN, 2214 E.
